

2018-2019 Gift Certificate

P.O. Box 856, Silverton Mountain, Colorado 81433
office@silvertonmountain.com Phone 970-387-5706

Silverton Mountain is for advanced and expert skiers only. Skier/snowboarders must be comfortable on black diamond slopes, in variable snow conditions and hiking along ridgelines. All guests need an avalanche beacon, shovel, and probe in order to ski/snowboard. We can rent these items to you. No avalanche training is required. Not all dates are available for each ticket type. Unguided skiing is available selected dates in December, January, and April only. The dates you choose may affect the cost of the ticket price. Lunches can be ordered at the beginning of the day or when making a reservation. There is no running water at the mountain. You do not have to choose the date to purchase the gift certificate; we just want to make you aware of price variations. The recipient needs to make a reservation for guided skiing and heli skiing. Silverton Mountain does book up so we recommend the recipient makes the reservation as soon as possible.

Please print this form and check what type of gift certificate you would like to purchase. Then scan, fax or mail to the above address and a gift certificate will be mailed to you. Once we receive your payment a confirmation email will be sent to you.
